Description

Beautiful, hard to find Guzzi Griso 8V. Only 2,700 miles, immaculate. Cruising around town or carving canyons, this motorcycle will deliver. 110Hp tons of V twin torque and rumble, comfortable "gentleman's riding position". This bike is a hand built Italian work of art. Extras include: Carbon fiber fender, cluster pod and heat shield. Zard exhaust (sounds like a Guzzi should), suspension sport tune by Traction Dynamics. Other upgrades include bar end mirrors, adjustable billet hand levers, billet foot pegs and motorcycle cover. I also have a small flyscreen (windscreen), and all the factory parts. This bike is so fun, it can cruise with Harleys or rail with the sportbikes. A true head turner. Pictures do not do show the beauty of this machine, come check it out.
